Amendments to the Registration Law.
The General Assembly, at the last regular session, passed an act, which has been approved by the Governor, amending and reenacting sections 5, 7, 9, and 12 of the general registration law so as to read as follows:

"Section 5. Each registrar shall, before entering upon the duties of his office, take and subscribe before some officer authorized by law to administer oaths the oath of office prescribed in the constitution of this State; which oath or affirmation he shall subscribe and file in the clerk's office of the County or Hastings Court of his county or corporation. He shall receive a compensation of two dollars for each day that he is sitting as registrar, and one dollar for posting notices, to be paid out of the county or corporation treasury.

"Section 7. Each registrar shall annually, on the second Tuesday in May, at his voting place proceed to register the names of all the qualified voters within his voting district, not previously registered in the said district, in accordance with the provisions of this act, who shall apply to be registered, commencing at sunrise and closing at sunset, and shall complete such registration on the said second Tuesday in May. Ten days previous to the November elections the registrar shall sit one day for the purpose of amending and correcting the list, at which time any qualified voter applying and not previously registered may be added. Provided, That in each city or town having more than two thousand inhabitants the registrar may sit three days previous to any state, city, county, or township election. The registrars shall give notice of the time and place of all registrations for at least ten days before each sitting by posting written or printed notices thereof at ten or more public places in their townships, wards, and election districts. And the registrar shall, at any time previous to the regular days of registration, register any voter who may apply to him to be registered and who will be entitled to vote at the next succeeding election; and the registrar shall receive the same compensation for the names so registered on days other than the regular days of registration that assessors may be entitled to for listing births and deaths. It shall be the duty of the registrars, within five days after each sitting, to have posted at three or more public places in their townships, wards, or election districts, written or printed list of all persons admitted by them to registration, and also to have written or printed lists of all persons added, posted on each day of election at each place of voting in their townships, wards, and election districts.

"Section 9. Whenever a registered voter changes his place of residence from one voting district to another, it shall be lawful for him to apply for, to person or in writing, and it shall be the duty of the registrar of his former voting district at any time, whether it be in a township, ward, or voting place, to furnish, a certificate that he was duly registered, and that his name has since his removal been erased from the registration books of said voting district, which shall be sufficient evidence to entitle him to register; and the name of every such person shall be entered upon the registration book of the township, ward, or voting place, to which he has removed, by the registrar at any time, or by one of the judges on the day of election. Provided, That in cities and towns containing over two thousand inhabitants. The name of such person shall only be entered by the registrar on the days named in the seventh section.

"Section 12. If any person shall offer to register and be rejected by the registrar, he may take an appeal to the judge of the County or town, in term time or vacation, and any elector may challenge the right of any person offering to register; and if the registrar shall allow such challenged person to register, the said elector may appeal, in like manner, to said judge. And it shall be the duty of the registrar, on application of any person so desiring an appeal, to transmit to the judge of the said court, having jurisdiction over the said voting-place, a written statement of the ground relied on by the appellant, and the reasons relied on by the registrar, for his action.

"It shall be the duty of said judge to hear evidence offered by the said appellant and appellee; but in case the appeal is by an elector, contesting the right of any person so registering, such person shall have reasonable notice of the time and place of hearing said appeal, and the said judge shall, at least five days previous to any election, transmit to the registrar from whose action such appeal was taken, his decision, which shall be entered by the registrar on his registration books. In any case of appeal under this section the court may give or refuse costs as it may seem right.

"The registrar at each place of voting shall deliver to the judges of election his registration books previous to any election to be held at said voting place; and after such election the judges of election shall turn over the registration books to the registrar, who shall keep and preserve the same, and the said registration books shall at all times be open to inspection. If the registration book of any voting-place shall from any cause be lost or destroyed, it shall be the duty of the registrar to report the fact to his County or Corporation Court judges, who shall order a re-registration of the qualified voters of said voting place, specifying the number of days that the registrar shall sit.

WHITE WASHING.
The subscriber has resumed his occupation as a WHITE WASH, and can refer to his work in the past as a guarantee of the future. He is also prepared to do CALCINING, POINTING and PATCHING, neatly, and without inconvenience to the occupants of dwellings. In white washing or coloring in the interior of houses, it will be done without fear of injury to carpets or furniture, and not necessitating their removal. The attention of the old citizens—by nearly all of whom he is well known—is especially called to this notice, and to any of them he refers for a confirmation of what is here stated.

MEDICAL.
Baltimore Lock Hospital.
DR. JOHNSTON,
Physician of this celebrated institution, has discovered the most Certain, Speedy, Pleasant and Effective Remedy in the world for all
DISEASES OF IMPUDENCE.

Weakness of the Back or Limbs, Stricture, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—these terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the songs of the Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, &c.

YOUNG MEN.
Especially, who have become the Victims of Solitary Vice, and dreadful and destructive habits which annually sweep to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered listening Senates with the thunders of eloquence, or walked to extasy the living lyre, may call with full confidence.

MARRIAGE.
Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency,) Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualification, speedily relieved in the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS.
Immediately cured and Full Vigor Restored. This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of Improper Indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the natural powers are lost sooner by those falling into improper habits than by the excessive being? Being diseased of the heart, the system, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened. Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility and Wasting of the Frame, Cough, Consumption Decay and Death.

A CURE WARRANTED IN TWO DAYS
Relief in Six Hours! No Mercury!
Persons ruined by Ignorant, Trifling Pretenders and their Deadly Poison, should apply immediately.

DR. JOHNSTON
Member of the Royal College of Surgery of London, Graduate of one of the most eminent Colleges in the United States, and a greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringings in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, hysterical with frequent flushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Function, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Solitary Distress, Loss of Solitude, Timidity, &c., are some of the evils produced.
